# Non-Government Reform Support Workplan: 2020

## Non-government Reform Support Fund

### Independent Schools Queensland - Work Plan 2020

#### Summary of Work Plan for 2020

Independent Schools Queensland (ISQ) will undertake the following projects utilising the Non-government Reform Support Fund (NGRSF) in 2020.

Project Reference	Project Title
RSF 1	Readiness for NAPLAN Online and Utilising Educational Data for School Improvement
RSF 2	Improving the Nationally Consistent Collection of Data on School Students with Disability
RSF 3	Increasing School Capability in Governance and Financial Management
RSF 4	Empowering School Improvement
RSF 5	Supporting the Implementation of the ATSI Educational Strategy
RSF 6	Achieving Excellence in Curriculum and Assessment
RSF 7	Supporting Great Teachers in Independent Schools
RSF 8	Excellence in Online Learning for School Staff

Each of these projects involves multiple objectives in line with Australian Government and National School Reform Agreement (NSRA) priorities. They involve services, support and activities for independent schools which are over and above those services provided by ISQ as part of its normal service provision for member schools. They will be provided to Queensland independent schools irrespective of membership of ISQ.

The NGRSF will ensure the projects are available to more staff in more schools and in more locations. Without the NGRSF, the support provided by ISQ to independent schools to implement national and related state policy initiatives would be limited in scope and reach.

Where appropriate and possible, ISQ will leverage funding from other sources to supplement the NGRSF. This includes Queensland Government targeted programs and funding from ISQ's own sources. A total of \$7,768,329 will be invested in the projects for 2020.

The 2020 activities will ensure support for independent schools in line with the Australian Government's priorities identified in the *Non-Government Reform Support Guidelines for 2020 to 2022*:

- Quality assurance and support for Nationally Consistent Collection of Data on School Students with Disability;
- Assisting in the implementation and delivery of NAPLAN Online; and
- Improving governance and financial management practices in the non-government school sector.

The projects also support the implementation of reform directions outlined in the NSRA and state specific actions included in the bilateral agreement (at Schedule E of the NSRA) between Queensland and the Commonwealth on implementation of school education reform.

The national reforms directions include:

- a) Supporting students, student learning and student achievement;
- b) Supporting teaching, school leadership and school improvement; and
- c) Enhancing the national evidence base.

In addition to the specific projects and activities in the 2020 Work Plan, NGRSF will also enable ISQ to provide support in the provision of information and advice to independent schools in each of the reform areas and will facilitate the engagement of independent schools in education policy development and implementation.

The ISQ 2020 NGRSF activities will:

- provide benefits to all independent schools of the ISQ non-government representative body, including those in regional and remote locations
- maximise engagement across all independent schools of the ISQ non-government representative body, including fostering a shared approach to improvement among schools and school education experts
- target capacity building and embed skills for longer term change
- foster cross-sector collaboration in implementation and evaluation, and facilitate the sharing of expertise
- use other funding sources, where available and with complementary objectives, which will be leveraged to supplement funding provided by the Australian Government.

A key feature of many of the activities to be supported in 2020 is the embedding of appropriate evaluation mechanisms in the activity. These mechanisms have a focus to evaluate the impact on whole school change and the impact on improving student outcomes.

A further feature of the approach to activities supported in 2020 is the sharing of findings, strategies and outcomes across the independent sector. This includes, where appropriate, formal sharing days, symposiums and showcases in which all independent schools are encouraged to participate.

Further details in respect of each of the 2020 NGRSF projects are outlined in the project activity summaries.

<p><b>Excellence in Online Learning for School Staff</b></p> <p><b>NRD: Supporting students, student learning and student achievement</b></p> <p><b>Supporting teaching, school leadership and school improvement</b></p> <p><b>Enhancing the national evidence base</b></p> <p><b>Bilateral: supports all activities</b></p>	<p>Provision of professional development and information through ISQ's learning management system, Connect &amp; Learn.</p> <p>Connect &amp; Learn will provide approximately 95 online modules covering a range of areas including the priority policy areas under the NGRSF.</p> <p>Connect &amp; Learn modules are rigorously designed using the most up to date pedagogical practice with adult learning principles at the forefront of instructional design. A certificate will be granted to learners at the successful completion of modules which lists the professional hours completed as well as the Australian Professional Standards for Teachers and Principals content covered within the modules.</p> <p>Connect &amp; Learn provides a far greater reach for teachers to access high quality learning without the need to travel. This is particularly important in terms of access to professional learning for regional and remote schools in Queensland. It also provides 24-hour access to online learning modules for all schools.</p> <p>ISQ works with independent schools to ensure that Connect &amp; Learn is an integrated part of their whole-school professional development plan and teachers can gather evidence through the system to support Highly Accomplished and Lead Teacher Certification.</p> <p>Online module offerings via Connect &amp; Learn for 2020 include a compliance suite of learning for schools, New School Business Manager Program and Differentiation and the NCCD modules.</p>	<p><i>Reform support funding:</i> \$433,707</p> <p><i>Other sources (list details):</i> \$230,220 (from ISQ own sources)</p> <p>RSF Budget includes provision for two (2) FTE staff members.</p>	<p>Participants are satisfied that the module met their identified need.</p> <p>Participant's knowledge and skills increased because of participation in the program.</p> <p>Increased awareness and use of the modules.</p>	<ul style="list-style-type: none"> <li>Over 90 percent will rate relevant modules as highly effective.</li> <li>Over 90 per cent of participants will have a greater knowledge of the relevant area after completing a module.</li> <li>School staff accessing online learning modules - target of 15,000 registered users for 2020.</li> <li>80 per cent of surveyed users who completed Child Protection Module report an enhanced awareness of child protection reporting responsibilities and how to fulfil them, as required by legislation.</li> <li>5 new modules released by December 2020, with an increased focus on NCCD, Differentiation and Child Protection.</li> </ul>
